Dear Maya,

I am on vacation with my mother and my brothers in Eilat.

We came here on Friday. It was a long trip.

We are staying at my grandparents' house. They have a little dog, Bobby. I love to play with him.

There is a lot to do in Eilat. On Sunday, we went swimming in the sea. Yesterday, we went to the desert* with my grandparents. We saw some camels. Tomorrow I want to go on a boat trip.

I'm having lots of fun!

Miss you,

Rina 😊

What Do You Know About Elephants?

by Frank Smith

Elephants are very interesting animals. They are one of the biggest animals in the world. They have two big teeth called tusks. The tusks help them dig* for water, carry heavy things, and fight with other animals. Elephants have a long nose called a trunk. Elephants can do many things with their trunks: they smell with them, make noises with them, and use them to take a shower.

Most elephants live in Africa and Asia. They eat a lot, but only plants and leaves. Elephants have a good memory**. When they find water they will remember the place for a very long time.

Elephants have feelings too. They are afraid when they are in danger, sad when other elephants are hurt, and happy when they meet friends and family.

Elephants have big families. They all live together and help each other. When elephants need help they make special sounds. These sounds are special because people cannot hear them.

Danny's Dream

Danny is small and thin. He isn't good at sports and he runs slowly.

The other boys don't want to play basketball and football with him.

He is very sad. He wants a friend.

It is the summer vacation now. Every day the kids play outside, but Danny sits alone under a tree and dreams. He dreams that he will be a famous clown.

There is a circus (קרקס) in Danny's town and Danny goes to every show at the circus.

Danny loves Buzzy the clown (ליצן) best!

At home Danny makes funny faces in the mirror and learns many clown tricks.

He wants to be like Buzzy.

One day, at the circus, Buzzy falls off a horse and breaks his leg.

Danny runs to the boss. "Please sir, I know what to do, I can help you."

He puts on a red mouth, a big nose, long pants and a small black hat.

He runs into the ring (זירה) and makes kids laugh.

Now everybody loves Danny the clown.

Seasons

1. What's the word?

Write the word under the pictures.

spring	summer	autumn	winter
warm	fruit	leaves	cold
			
	spring		
			

2. Fill it in!

Read the fact file on the next page and write the missing words in the sentences.

- The four seasons are spring, summer, autumn and winter.
- In spring lots of animals have _____.
- Summer begins in _____ in the north.
- Leaves fall from the _____ in autumn.
- In some places there is _____ in winter.
- _____ usually sleep in winter.
- When it is _____ in the north, it is winter in the south.
- The North Pole and the South Pole have just two _____.

3. Read

Read the fact file and complete exercise 2 on the previous page.

FACT FILE: Seasons

FUN FACTS:

- When it is summer in the north it is winter in the south.
- At the North and South Pole there are only two seasons. Winter is very long and summer is very short.
- In tropical places near the Earth's equator there are two seasons: a 'wet' season and a 'dry' season.

In many places the weather changes during the year. These changes are called seasons. In the north and south there are four seasons in a year. Each season brings changes that are important for plants and animals that live in different parts of the world.

Spring starts when the day and night are the same length. The weather gets warmer and sunnier. Trees and plants start to grow. Many animals have their babies in spring.

Summer begins on the longest day of the year. In the north this is on 21 June. Summer is usually the warmest and sunniest time of the year. Fruit grows on trees and plants. Young animals grow bigger and stronger.

Autumn starts when the day and night are the same length again. During autumn, the leaves change colour and fall from the trees. Some animals collect food before winter comes.

Winter begins on the shortest day of the year. In the north this is on 21 December. The weather is colder and in some places there is lots of snow. Plants and trees stop growing. Some animals, like bats and bears, find places to hide and sleep. This is called hibernation.

4. What do you think?

What was the most interesting fact about seasons? What's the weather like in your country in each season? What can you do in each season in your country? What's your favourite season? Why?
